

Finally! An Organization That Helps Home Inspectors!

As a member of the "other" home inspection organizations, I bet you've been asking yourself, "What am I getting for all the money I'm spending just to be a member?" If you're like me, not much!

That's why I've joined the largest home inspection organization in the world, The National Association of Certified Home Inspectors. NACHI is committed to helping you grow your business. For starters:

- You can list 20 zip codes in the www.FindAnInspector.us database. You'll receive direct leads from this heavily used website used by consumers to find their inspector.
- Professional help whenever you need it. NACHI is open 24/7 via e-mail and phone with professional advice and counseling.

Your New Local Chapter Is Forming!

Be sure to attend the first meeting. It's an important step in your career and once you'll be glad you took! I look forward to seeing you at the meeting.
