

**How well
do you know
your home
inspector?**

Meet Joe

Joe Doe has been involved in the home inspection industry since the age of 23, when he took over the family business, Big Mike's Inspections. Under Joe's leadership, the company has grown to become the leading home inspection business in the Midwest.

Aptly renamed Joe's Inspections, the company still has that "mom-and-pop" feel that it did 20 years ago. In addition to his already vast knowledge and experience, Joe takes several Continuing Education courses throughout the year to stay on top of the latest home inspection trends. To date, he has more qualifications and certifications than any other inspector in the country.

Joe personally oversees all eight of the inspectors working for Joe's Inspections to guarantee that you will enjoy the peace of mind you deserve as you make your important home-buying decisions.
