Now, you can put our outstanding reputation for service and reliability to work for you. By using Top Notch Inspections, you'll benefit from an experienced inspector who delivers reports that exceed the state's standards. We encourage you to accompany us on your inspection so that we can familiarize you with your home and explain things to you about its components and systems. We provide you with the knowledge you'll need to maintain your home for all the years that you'll be enjoying it.

We are highly trained, licensed by the State of Maryland (MHI 31184) and insured. We are continually educating ourselves through classes and hands-on experience. We have 15 years of construction background to assist us in your home inspection. We are bound by a strict Code of Ethics through the International Association of Certified Home Inspectors. This ensures that you'll receive quality service with important protection under the inspection industry's highest standards.

*If you are not completely satisfied with our services, you will not pay for the services provided. We pride ourselves in professional services, friendship and honesty.*
