- Dryer vents clogged with lint cause the dryer to run longer resulting in excess energy costs of \$18 to \$24 per month.
- Leading appliance manufacturers recommend your dryer vent be cleaned once a year.
- Our professional uniformed technicians provide a written estimate and offer a lifetime guarantee.
- If your clothes dryer takes longer than one cycle to dry a load you may have a fire hazard in your dryer vent.

\*Estimates are derived from the U.S. Fire Administration National Fire Incident Reporting System (NFIRS) version 5.0 and NFPA's annual fire department experience survey.
