Boulder, CO 80301

Attn: Lisa Endza

This letter is to follow up on your application, on-line course materials and timed course outline that I received on November 2, 2009 requesting approval of an InterNACHI sponsored on-line training entitled "Wood-Destroying Organism Online Course: Inspection and Control Training for Inspectors and Treatment Applicators" that is being made available Nevada Pesticide Continuing Education Units. Page two and page three outline some additional information related to this approval.

Based on information on your application and supporting course documentation, I have approved the InterNACHI – Wood-Destroying Organism Online Course: Inspection and Control Training for Inspectors and Treatment Applicators training for **12.0** total continuing education units (CEU's) or credits for Nevada. Based on Nevada's approval criteria, this conference qualifies for **10 General** and **2 Laws** CEU's.

This course is approved for three (3) years and will expire on December 31, 2012 unless withdrawn for good cause at an earlier date. Your Nevada Course Number = **NV-09-076**. This course number must be placed on all attendance sheets that you will submit to the State of Nevada at the completion of an applicators on-line training.

**Instructors of record:** Benjamin Gromicko.

**Certificate of Completion:** Please be reminded that if an attendee requests an certificate of completion, the course provider is required to provide such a certificate (refer to page three of the *2009 - 2010 Nevada Pesticide Applicators Continuing Education Course Approval Guide* for required information).

**Attendance Recording:** I have not enclosed any Nevada sign-in sheet for verification for attendance for this on-line training. I will accept an alternate method of attendance verification as long as, it meets the requirements in NAC 555.374.4. **Please be reminded that some kind of Positive ID is required to be presented by the attendee at the time attendance is recorded.** Related CE information, Laws, and CE forms can be found at [http://agri.nv.gov/PCO\\_CEindex.htm](http://agri.nv.gov/PCO_CEindex.htm).

Sincerely,

*Scott D. Cichowlaz*  
Signed

Scott Cichowlaz

## For Nevada Custom Pesticide Applicators:

- This training is for educational purposes only (Pesticide Continuing Education Units (CEU's)) and should not be used for examination purposes.
- Upon completion of this training, a Pesticide Applicator will earn 2 Law CEU's and 10 General CEU's for a total of 12 CEU's. All Chapters must be completed and a passing grade earned on all quizzes and final exam before CEU's will be earned.
- Chapter 21: Laws Concerning WDI ... In this chapter the Ohio Department of Agriculture is used as an example. So when Category 10b is referenced this would be category C4 in Nevada. Nevada Wood-Destroying Pest inspection Reporting Regulations can be found at in NAC 555.430 (<http://www.leg.state.nv.us/NAC/NAC-555.html#NAC555Sec430>).
- Chapter 22: Training and Licensing Requirements ... The information presented greatly differs from Nevada's licensing requirements. The Nevada Department of Agriculture suggests that you refer to NAC 555.270 thru NAC 555.397 (<http://www.leg.state.nv.us/NAC/NAC-555.html#NAC555Sec270>) for Nevada specific applicator licensing requirements (examinations), business licensing, insurance requirements, license renewal requirements and fees.
- Chapters 23 (The Real Estate Transaction) and 24 (Guidelines for Completing the NPMA-33 Form). In both chapters the NPMA-33 form is referenced. Nevada **DOES NOT ACCEPT** this form for any real estate transactions in the state. The State of Nevada has developed their own form entitled "*Wood-Destroying Pest Inspection Report*" which is required to be completed (this is pointed in Chapter 23). The Nevada Department of Agriculture suggests that you become familiar with correspondences with HUD on this issue. The NDOA has made these correspondences available on their web site at: [http://agri.nv.gov/AGRI\\_FHA\\_VA\\_HUD.htm](http://agri.nv.gov/AGRI_FHA_VA_HUD.htm)

## For Nevada Certified Applicators (Commercial or Private Applicators):

- **THIS TRAINING DOES NOT QUALIFY YOU TO DO ANY KIND OF WOOD-DESTROYING INSPECTIONS. ONLY LICENSED NEVADA CUSTOM APPLICATORS CAN CONDUCT INSPECTIONS TO BUILDINGS. DOING SUCH INSPECTIONS OR COMMENTING ON ANY WOOD-DESTROYING ORGANISM WILL MAKE YOU IN VIOLATION OF NEVADA REVISED STATUTE (NRS) 555.285 (<http://www.leg.state.nv.us/nrs/NRS-555.html#NRS555Sec285>).**
- This training is for educational purposes only (Pesticide Continuing Education Units (CEU's)).
- Upon completion of this training, a Pesticide Applicator will earn 2 Law CEU's and 10 General CEU's for a total of 12 CEU's. All Chapters must be completed and a passing grade earned on all quizzes and final exam before CEU's will be earned.
- Chapter 21: Laws Concerning WDI ... In this chapter the Ohio Department of Agriculture is used as an example. So when Category 10b is referenced this would be Nevada certification category 7c. Nevada certification category 7c- Structural Pest Control DOES NOT include inspections.
- Chapter 22: Training and Licensing Requirements ... The information presented greatly differs from Nevada's certification requirements. The Nevada Department of Agriculture suggests that you refer to NAC 555.600 thru NAC 555.700 (<http://www.leg.state.nv.us/NAC/NAC-555.html#NAC555Sec600>) for Nevada specific applicator certification requirements (examinations), certification renewal requirements and fees. For certification; business licensing and liability insurance is not required.
- Chapters 23 (The Real Estate Transaction) and 24 (Guidelines for Completing the NPMA-33 Form). In both chapters the NPMA-33 form is referenced. Nevada **DOES NOT ACCEPT** this form for any real estate transactions in the state. The State of Nevada has developed their own form entitled "*Wood-Destroying Pest Inspection Report*" which is required to be completed (this is pointed in Chapter 23). For Nevada Certified Applicators this is a mute point, as you are not allowed to fill out any kind of inspection form.
