

Is Representative Brian McCall corrupt?

The boy from Plano High School. The High School Class president. What in the hell happened Brian? Why are you sneaking last minute wording into TREC bills? We can see you take a lot of money from lawyer contributions. Why did you deprive public comment from the home inspection industry with your sneaky last minute addendum to a bill the Governor could

not line item veto?

Brian McCall inserted wording in a bill. It requires professional insurance for an industry that does not need it. It was done so fast the industry and public were denied fair debate. It was all very sneaky. Lets see how McCall screwed the public. First, lets look at his bio.

*McCall holds a Bachelors degree from Baylor University, a Masters degree from Southern Methodist University, spent a year as a Visiting Post-Graduate student at Oxford University, and earned a Doctor of Philosophy degree from the University of Texas at Dallas. **He is an advisor to Guaranty Insurance and Quest Network Business Solutions.***

Brian McCall is raising the cost of inspections for low cost housing.

Did you know mandatory E&O does not come without a price? It's not just the premium, its the cost of added litigation. Home inspection fees will go up and 1st time home buyers will be hurt. Why are you depriving home buyers from inspections Brian?

Brian McCall is promoting litigation.

Hey Brian, did you know trial attorneys will sue just to get settlements? Your deceptive actions will encourage litigation. We can see your on the take from attorneys. How much money did you accept from lawyers this year Brian?

According to Texas Real Estate Commission records the odds of an inspector getting a disciplinary action are 1 in 55,000. The odds of committing suicide with poison is 1 in 52,000. My gosh Brian, you are more likely to commit suicide by poison than have an inspector harm you. The Texas Real Estate Commission has very few disciplinary actions against inspectors. Why are you screwing the home inspector? Is it money?

Brian McCall requires insurance for home inspectors but not real estate agents.

Did you know real estate agents are also licensed by the Texas Real Estate Commission? Did you know they have far more complaints than home inspectors? Brian, why didn't you require real estate agents to have mandatory E&O? Do you accept money from their lobby? Is it about protecting the public or the money Brian?

Brian McCall needs to loose the next office he runs for. Inspectors across Texas send Brian and email and let him know how you'll contribute to his defeat. <http://www.house.state.tx.us/members/email.php?dist=66&rep=brian.mccall>
