# “GET CERTIFIED” CONFERENCE 2011

## Inspection Event of the Year!

**October 2 - 6, 2011**

**Lowest Registration Fees Ever!**

**The Fun is Back in Vegas!**

**New Certificate Courses designed to increase  
your business & your credentials!**

**1-866-363-1330**

### Choose from the Standard Conference or Certificate Course Tracks

This year's Inspection Conference gives you a choice! Attend the standard great educational tracks or try something new. You can obtain Certificates in our numerous optional courses designed for focused detailed learning. On Monday & Tuesday you have a choice of the standard conference sessions or two new Certificate Courses. Then something really new, stay for our extended Certificate Courses in either Commercial Inspection Management or IRC Combo Residential Code Exams Review. Perfect for those who really want to know the codes or are getting ready to take the IRC Residential Code Exams or anyone wanting to offer Commercial Inspections and expand their business.

### Conference Highlights:

**Opening Night Welcome Reception in the Exhibit Hall**

**Second Annual COA No-Limit Home Inspector Hold-em Poker Tournament**

**Legal & Experts Advice Event - includes lunch**

**Prize Drawings: Grand Prize Worth \$2500 and growing!**

**Multiple Higher Education Certificate Courses to enhance your credentials**

**Website Optimization & Social Media Class with Dominic Maricic**

**Attend all 5 days or take your pick from our a la carte menu**

**FREE OPTION**  
Attend the  
Conference and  
receive a **FREE**  
Membership in  
InterNachi,  
a \$365 value!

<http://www.nachi.org>

**FREE OPTION**  
Attend the  
Conference and  
receive a **FREE**  
Membership in  
NRCIA,  
a \$299 value!

<http://www.nrcia.org>

**Hotel Rates begin at only \$60 a night or upgrade to a GO Room for \$90**

# 2011 CONFERENCE REVIEW

## Earn Your Certificate In These Courses At The Conference

Sunday

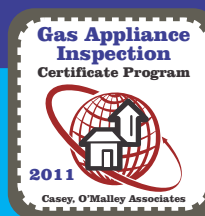

Sunday

Monday

Monday

Tuesday

Wed - Thur

Wed - Thur

**Pool & Spa inspections** are in demand and can be a lucrative add on service for your customers. This course is designed at Level I introduction to pool/spa equipment installations, operation and evaluation. It will take you through all the steps of performing an inspection and writing your findings. This is an 8 hour class with an online examination. Upon completion and passing grade you will receive your Certificate for this program.

**Gas Appliance inspections** are complex. Improper gas installations can be a hazard to everyone. This course is designed as an in depth look into gas appliance installations, operation and evaluation. It will take you through all the steps of performing an inspection and writing your findings. Your instructor for this course is Joe Zaabadick, a gas company instructor for most of his career and one of the finest teachers in the field. This is an 8 hour class with an online examination. Upon completion and passing grade you will receive your Certificate for this program.

**Commercial Inspection Management** can create incredible business income opportunities and be a wonderful add on service not dependant upon the residential real estate market. This course is designed to help you create a commercial inspection business, build a commercial inspection team, co-ordinate the inspection process and create a professional inspection report. It takes you through all the steps of performing the commercial inspection and documenting your findings. This is a 16 hour class with an online examination. Upon completion and passing grade you will receive your Certificate for this program.

**IRC Residential Code Review** course will help all those interested in preparing to take the IRC Combo Residential Code Exams. This course takes you through all the important codes. Upon completion and passing grade you will receive your Certificate for this program. Whether you are a home inspector, contractor or code official, this class will help you become more knowledgeable of the 2009 International Residential Codes. This is a 16 hour class with an online examination.

**Manufactured Homes Inspection** certificate course. If you are considering adding this type of inspection to your list of services or are already performing these inspections you must attend this class. This 4 hours course will clear up most of the confusion concerning mobile & manufactured housing and help you perform better inspections. This is a 4 Hour Certificate Course with examination.

**EPA RRP Lead-Safe Certified.** Lead-Safe Certificate Classes are FREE to InterNACHI members. InterNACHI membership is a FREE option if you attend this conference. So if you want this certification simply join InterNACHI first then take the 6 hour online EPA class free at [www.nachi.org/lead](http://www.nachi.org/lead) and then sit in on this 2 hour practical class. This class is brought to you by InterNACHI and there are a very limited number of seats available since this is hands-on training at the conference. Taught by Ben Gromicko, Director of Education, InterNACHI. InterNACHI's Lead-Safe Certified RRP Course is [EPA-Approved NAT-RV-I-61589-1-EL - 6 hours online then 2 hours practical - Register at: \[www.nachi.org/lead\]\(http://www.nachi.org/lead\)](#)

**NRCIA Certified Roof Inspector Certificate Program** This course takes you through the entire process of inspecting a roof for certification purposes. Every year more demand is created for Roof Certifications. Now you can learn the ins and outs of performing this work, how to shed your inspection liability and various important roofing inspection skills and information. This is a 4 hour class with online examination.

### COMMERCIAL INSPECTION MANAGEMENT CERTIFICATE COURSE

Would you like to take on some of those lucrative commercial inspections but are just not sure how to do them? This course takes you through the management of commercial inspections and ASTM E2018 Guidelines. Yes, management! Learn how to use the team approach using sub-contractors for those complex systems you are not sure how to inspect. Learn how to price jobs, where to market, how to work with subs and more in this amazing business building course. One inspection will pay for the price of this class.

**NOTICE: This certificate course requires a separate fee from the conference. To receive a Certificate for passing the exam you must have paid the course fee. Tests are given online may be taken as many times as you like. Only one Certificate per student will be issued.**

4:30 PM - 6:00 PM	<b>IRC RESIDENTIAL CODE REVIEW COURSE - Part VIII</b>

### IRC RESIDENTIAL CODE REVIEW CERTIFICATE COURSE

Getting ready to take the IRC Residential Code exams? Just want to be more familiar with the 2009 IRC building codes? Want a new Certificate to build your credentials? This is the perfect class for you. A concise yet thorough review of the 2009 International Code Council Residential Combination Building Codes. This Certificate course is review for one of the best credentials you can get for your practice - International Code Council Combination Residential Inspector. Understand the common exam questions, where to find the answers and be confident with your understanding of the 2009 IRC.

**NOTICE: This certificate course requires a separate fee from the conference. To receive a Certificate for passing the exam you must have paid the course fee. Tests are given online may be taken as many times as you like. Only one Certificate per student will be issued.**
