

SAFETY

HON GUARD RECALL ALERT SYSTEM

“HON GUARD RECALL Alert System”

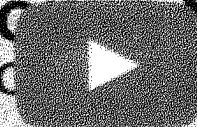

You simply take down the model numbers from all of the major appliances in your home, including, but not limited to, HVAC equipment, water heaters, microwaves, refrigerators, dishwashers, ovens, washing machines and dryers. You may also include garbage disposals, exhaust fans, and smoke detectors. Serial numbers are optional, but are encouraged to be submitted as well. Within 2 business days of submitting your appliances, you will receive a detailed report summarizing our findings. Click “Continue” to proceed.
